## About Spartifexon

---

### Infinite Exploration • Passionate Living

Spartifexon is a global OEM & ODM manufacturer with **17 years of heritage** in consumer electronics. We design and produce premium accessories that quietly power everyday life — from rapid charging at home to AI-augmented vision and seamless in-car connectivity on the move.

---

## What We Make

Spartifexon focuses on four product lines:

- **Power • Chargers** — High-wattage GaN wall chargers, multi-port desktop chargers, and travel adapters covering PD 3.1, PPS, QC and other fast-charge protocols.
  - **Cables • High-Speed Data Cables** — Braided USB-C cables built for high power delivery and high-speed data, with reinforced strain relief and long-cycle durability.
  - **Vision • AI Smart Glasses** — Lightweight everyday frames with on-device AI, point-of-view capture and open-ear audio.
  - **Drive • Wireless CarPlay / Android Auto** — Wireless adapters and AI boxes that upgrade in-car infotainment without replacing the head unit.
- 

## How We Work

- **Full-Stack OEM & ODM** — Industrial and structural design, PCBA, firmware, mobile application, cloud services and mass production handled in-house.
  - **Certified Quality** — Production runs against CE, FCC, RoHS, UKCA, USB-IF and other certifications appropriate to each product line.
  - **Flexible Customisation** — Logo, packaging, firmware behaviour, colour and component selection are configurable to each brand partner's requirements.
  - **Global Logistics** — Established export operations supporting partners across multiple continents.
- 

## Brand Promise

Spartifexon hardware is engineered to look and feel like premium-tier brand product, while remaining priced for partners building their own brands in competitive global markets. # 关于 Spartifexon

### 无限探索 • 热忱生活

Spartifexon 是一家拥有 **17 年** 消费电子积淀的全球 OEM & ODM 制造商。我们专注设计与生产兼具品质感与实用价值的科技配件——从居家与出行的快充电源，到 AI 智能视觉与车载互联，让科技默默服务于日常生活。

---

## 我们做什么

Spartifexon 聚焦四大产品线：

- **Power • 充电器** — 氮化镓墙充、多口桌面充、出行旅充，支持 PD 3.1、PPS、QC 等主流快充协议。
- **Cables • 高速数据线** — 编织 USB-C 数据线，兼顾大功率供电与高速数据 传输，加固应力释放，长寿命弯折表现。
- **Vision • AI 智能眼镜** — 轻量化日常镜框，本地 AI 引擎、第一视角拍摄 与开放式音频。
- **Drive • 无线 CarPlay / Android Auto** — 无需更换原车主机即可升级的 无线适配器与 AI 智盒。

## 我们怎么做

- **全栈 OEM & ODM** — ID 与结构设计、PCBA、固件、移动 App、云端服务与 量产，全部内部一站式完成。
- **品质认证** — 按各产品线对应的市场要求，通过 CE、FCC、RoHS、UKCA、USB-IF 等相关认证。
- **灵活定制** — LOGO、包装、固件功能、配色与元器件方案均可按品牌方 需求定制。
- **全球履约** — 成熟的出口与物流体系，支持多大洲品牌合作伙伴。

## 品牌承诺

Spartifexon 的产品在外观与手感上对标高端品牌硬件，同时保持具有竞争力的 价格区间，让品牌合作伙伴在激烈的全球市场中具备 价格与品质的双重优势。 # Contact / 联系我们

We welcome OEM and ODM enquiries from brands and distributors worldwide.

欢迎全球品牌与渠道客户洽谈 OEM 与 ODM 合作。

## General Enquiries / 商务咨询

POWER SERIES · 充电系列

# SX-100

## 100W 氮化镓四口快充

Charge a laptop, a phone, earbuds and a tablet — at the same time, from one wall plug.

一个插头，同时为笔电、手机、耳机、平板满速供电。

### 100W Total Output

100W 总功率输出

Single-port up to 100W PD 3.1, intelligent power distribution across all 4 ports.

单口最高 100W PD 3.1，四口智能分配功率。

### 3rd-Gen GaN

第三代氮化镓

40% smaller, 30% cooler than silicon chargers of the same wattage.

相同功率体积缩小 40%，温度降低 30%。

### Universal Compatibility

全设备兼容

PD 3.1 · PPS · QC 5 · AFC · FCP — 1000+ devices certified.

PD 3.1·PPS·QC 5·AFC·FCP 全协议，认证设备 1000+。

CABLE SERIES · 数据线系列

# SX-Cable 240

## 240W 编织数据线

Braided nylon, aviation-grade aluminum, 30,000-bend lifetime — built to outlast the device it charges.

尼龙编织·航空铝合金接头·3 万次弯折寿命，比设备本身更耐用。

240

240W PD 3.1

240W 极速快充

Full-speed charging for the latest USB-C laptops and devices.  
满足最新 USB-C 笔电与设备的满速供电需求。

40G

USB4 40Gbps

USB4 40Gbps 数据

Transfer a 4K movie in seconds; supports 8K display output.  
秒传 4K 电影，支持 8K 显示输出。

30K

30,000-Bend Life

3 万次弯折寿命

Double-braided nylon jacket and reinforced strain relief.  
双层尼龙编织外被 + 加固应力释放。

# SX Vision One

## AI 智能眼镜

See it. Ask it. Capture it. A multimodal AI assistant — worn on your face.

看到即可问，问完即可拍。佩戴式多模态 AI 助手。

### On-Device AI Model

本地 AI 大模型

Real-time translation, scene description, voice Q&A — no phone needed.

实时翻译、场景识别、语音问答，脱离手机即可使用。

### 12MP Ultra-Wide Camera

1200 万像素超广角

POV photos and 1080P video with optical image stabilization.

第一人称视角拍照与 1080P OIS 视频录制。

### Open-Ear Audio

开放式音频

Directional speakers and dual MEMS mics with ENC noise reduction.

定向喇叭 + 双 MEMS 麦克风 ENC 降噪。
