About Spartifexon

Smart care and technology make a better life. Infinite Exploration • Passionate Living.

Company Profile

Spartifexon is a global OEM & ODM manufacturer with **17 years** of heritage in consumer electronics. The parent company was founded in **2008**, and in **2014** Spartifexon established its dedicated smart wearable division — today one of the longest-running specialised teams in the industry.

The smart wearable division integrates design, R&D, assembly, sales and after-sales into a single in-house pipeline, delivering one-stop OEM & ODM service to brand owners around the world. Spartifexon now employs more than **500 staff**, of whom around **100 are R&D engineers**, and ships to more than **80 countries** across Europe, the Americas, Australia, Asia-Pacific and Africa.

R&D Strength

Spartifexon's R&D group of 100+ specialists covers the full product stack:

- ID and UI design
- PCBA layout and hardware engineering
- Embedded firmware
- iOS and Android companion apps
- Cloud server and back-end services
- Test engineering and reliability validation

The team is dedicated to algorithmic innovation in smart-watch sensing and to mature, repeatable execution of OEM & ODM programs at scale.

Global Supply Chain

Spartifexon owns and operates assembly factories in **China** and **India**, including a dedicated SMT plant. Dual-region manufacturing is the foundation of our global supply chain — it shortens lead times, balances tariff exposure, and keeps capacity resilient for partners shipping into multiple markets.

- **China** — 500K units / month
- **India** — 300K units / month
- **Total monthly capacity** — 800K+ units

Why Choose Spartifexon

Stat	What it means
TOP 3	Top 3 OEM & ODM supplier in the smart wearables industry.
80+	Business coverage in more than 80 countries and regions.
500+	Over 500 employees, with R&D personnel accounting for ~20%.
800K+	Smart wearable production exceeds 800,000 units monthly.
10,000 m ²	Intelligent plant total area over 10,000 square meters.

Brand Story

Innovation • Excellence • Cooperation • Win-Win.

Spartifexon is a high-tech enterprise integrating R&D, production and sales of smart wearable products, capable of providing one-stop OEM/ODM service to customers in the global smart wearable industry.

Our self-developed and mass-produced series of smart bracelets, smart watches, smart glasses, smart rings and Bluetooth earphones are well received by leading brands worldwide for their excellent quality, exquisite craftsmanship and outstanding cost-effectiveness.

For more than ten years Spartifexon has held to a single development strategy: technological innovation. The company continues to push and break through on the core algorithms of the smart wearable field, helping global partners realise greater brand business value.

Empowering Wearable Brands in 80+ Countries

Spartifexon's OEM & ODM clients now cover North America, Latin America, Europe, the Middle East, Africa and Southeast Asia — more than **80 countries and regions** in total. Through deep empowerment of smart wearable brand owners, we help partners stand out in the fierce global market.

If you are launching a new smart wearable line, scaling an existing brand, or migrating production for tariff or capacity reasons, Spartifexon is ready to be the long-term manufacturing partner behind your brand. # 关于 Spartifexon

A 17-year journey — from a consumer-electronics start-up to a Top 3 global OEM & ODM partner for the smart wearable industry.

17 年的发展之路——从消费电子创业团队，到全球前三的智能穿戴 OEM & ODM 合作伙伴。

2008 — Spartifexon Founded

The Spartifexon parent company is established, focusing on consumer electronics design and manufacturing. The team lays the engineering and supply-chain foundation that will later support the smart wearable line.

2008 — Spartifexon 创立

Spartifexon 母公司成立，聚焦消费电子产品的设计与制造，奠定了日后智能穿戴产品线所依托的工程与供应链基础。

2014 — Smart Wearable Division Established

Spartifexon launches a dedicated smart wearable business unit, with R&D, APP development and sales teams from day one. We become one of the earliest companies in China to research, develop and manufacture smart wearable technology end-to-end.

2014 — 智能穿戴事业部成立

Spartifexon 正式成立智能穿戴事业部，同步组建研发团队、APP 团队与销售团队，是国内最早全链路自研、自产智能穿戴技术的公司之一。

2015 — First Owned Factory • ISO9001 & BSCI Certified

Spartifexon establishes its first wholly-owned assembly factory of more than 2,000 m². The facility passes ISO9001 quality-management certification and BSCI social-compliance audit in the same year.

2015 — 自建工厂落成 • 通过 ISO9001 与 BSCI 认证

Spartifexon 建立自有组装厂，占地面积达 2000 多平方米，并于同年通过 ISO9001 质量管理体系与 BSCI 社会责任认证。

2018 — GPS Innovation • Recognised as a High-Tech Enterprise

Spartifexon releases the F2, R3, R7 and M-series GPS watches and enters strategic partnerships with major brands including Cellularline, boAt, Noise, Timex and Polaroid. In the same year, Spartifexon is officially recognised as a National **High-Tech Enterprise**.

2018 — GPS 创新 • 荣获高新技术企业

Spartifexon 推出 F2、R3、R7、M 系列 GPS 手表，并与 Cellularline、boAt、Noise、Timex、Polaroid 等头部品牌客户达成战略合作。同年，Spartifexon 荣获“国家高新技术企业”认定。

2021 — 600K Monthly Capacity

To meet rapidly growing demand, Spartifexon expands assembly to 4,000+ m² across 7 production lines, and stands up its own SMT plant of 2,000+ m² with 4 SMT lines. The site is staffed by 200+ workers and a 70+ engineer team, lifting monthly output to 400K-600K units.

2021 — 月产能突破 60 万只

为满足持续增长的产能需求，Spartifexon 把组装产线扩展到 4000 多平方米、7 条生产线，并自建 2000 多平方米、4 条 SMT 产线的

贴片厂；现场配备 200 多名工人与 70 多名工程师团队，月产能达到 40 万 – 60 万只。

2025 — Global Output Hits 800K Monthly • China + India

In February 2025 Spartifexon scales the manufacturing footprint to a 10,000 m² factory complex. Combined with assembly and SMT lines in India, total monthly output reaches **500K in China and 300K in India** — a global capacity of **800K+ units per month**.

2025 — 全球月产量达 80 万只 • 中国 + 印度双基地

2025 年 2 月，Spartifexon 把生产规模继续扩大到 10000 多平方米的厂房集群，并在印度同步运行组装与 SMT 生产线。当前 **中国月产能 50 万只，印度月产能 30 万只**，全球整体月产能突破 **80 万只**。# Product Catalog / 产品目录
